WANG Junjie

Target: Big Data HR / People Analytics / EdTech

Tel +86 138 1819 5020 / +852 6876 9617 **Email** s1179025@s.eduhk.hk **Location** Fanling, Hong Kong

EDUCATION

The Education University of Hong Kong
MA, Emerging Technologies for Future Workforce
Sep 2026 – May 2027 | Hong Kong

- Core courses: AI in Knowledge Management; Data Mining for Trend Analysis & Forecasting; Digital-age Leadership

Shanghai Sanda University
B.Eng., Data Science & Big Data Technology
Sep 2022 – Jun 2026 | Shanghai
GPA 80/100, Top 20% of major

- Core courses: Data Mining; Data Analysis & Visualization; Machine Learning; Databases; Hadoop

RESEARCH

The University of Hong Kong
Research Project in Mathematics Education
Jun 2025 – Present | Hong Kong

- Focused on educational psychology; independently completed a **Research Proposal (RP)**
- Earned a **recommendation letter** from the HKU supervisor; journal pre-publication potential

SKILLS & CERTIFICATES

Technical	Python, Java, SPSS, Data Mining, Machine Learning, Hadoop, Databases
Languages	IELTS 6.0; CET-4; Mandarin Level 2-A
Certificate	Huawei Junior Cloud Track Certificate

HONORS

- Third-Class Academic Excellence Scholarship **×2** (2024, 2025)
- Third Prize, 10th "Oriental Fortune Cup" National Financial Challenge
- First Prize (Group), Campus Choir Competition — Lead Singer

PROFILE

- B.Eng. in Data Science & Big Data, now MA candidate in Emerging Technologies for Future Workforce at EdUHK — a **dual lens of data modeling and people management**, transferable to People Analytics, HR digitalization and EdTech.
- Fluent in Python, machine learning and data visualization; skilled at turning analytical findings into shippable product features and operating strategy.
- EdTech product internship plus 4 years of frontline teaching: strong in user insight and incentive design; optimization proposals **targeting ~40% efficiency gain**, 10+ students with measurable score gains.

INTERNSHIP EXPERIENCE

Hangzhou Guangdian Cloud Network Technology | Jul – Aug 2025
Education Product Manager Intern

- Conducted **UX audits and competitive analysis** of the intelligent platform and produced system-optimization reports; proposed shorter response time, simplified streaming workflow and a unified control panel, **targeting ~40% efficiency gain**
- Designed core enhancements: **AI-driven live time-shift, personalized UI layouts and a user points system** to lift engagement and commercial value
- Planned **AI media-asset management and edge-computing emergency broadcast** with phased roadmaps, working with engineering and operations to validate feasibility

TEACHING EXPERIENCE

Private Tutor | **Math, Physics & Chemistry** Jan 2022 – Present

- **4 years of continuous tutoring for 10+ students**: diagnosed learning bottlenecks fast, designed personalized plans with psychology-based incentives, delivering measurable score gains and stronger self-learning habits
- Especially effective with Grade-9 students: **multiple students consistently scored 140+ (out of 150)** in agency mock exams, with gains in grades, confidence and study habits

Shanghai Lianjian Primary School | **Summer Camp Teacher (Volunteer)** Summers 2023, 2025

- Owned lesson design, classroom management and parent communication; used differentiated teaching to raise engagement
